BIGGER AND BETTER

A firefighter’s best friend, the Big Dog is all bark AND bite. Arrive at your scene ready for action with up to 1,500 gallons of water. Howe & Howe is thrilled to have combined our engineering expertise with Textron Systems’ proven history of manufacturing to give you a bigger and better wildland truck. Select from our standard 2-Door and 4-Door models or work with our team to customize a truck that meets your unique needs.
